## MASTERING THE ART OF FACILITATION

*How to Design, Plan, and Guide Productive Group Events*

Whether you facilitate training workshops or lead meetings and work sessions, your success depends greatly on your ability to remain objective, engage others in discussion, respond to difficult questions, build consensus, guide decisions, manage disruptions, and much, much more! This highly-participatory program takes you “behind the scenes” to experience, learn, and apply proven facilitation techniques and “tricks of the trade” used by the most seasoned pros in the business so you can achieve the results you desire. Want to design, plan, and facilitate productive group events? Book this program.
